About the Western Hardwood Association (WHA)

WHA is a non-profit association with the mission of being an "Authoritative resource for a sustainable, profitable, and growing Western hardwood industry." The association was founded in 1955 to assist western US hardwoods to a position of prominence in the manufacturing of fine furniture, cabinets and pallets. We have a diverse membership that includes sawmills, manufacturers, remanufacturers, pallet producers, wholesalers, landowners, timber owners and service organizations (e.g., freight companies, truckers, consultants, etc.). WHA represents all western hardwoods, helping its members through Education Programs, Networking, Political Support, Newsletters and other industry specific programs.

2018 WHA Scholarships

THE SCHOLARSHIP AWARD

The WHA Scholarship award reflects the association’s commitment to provide financial assistance to students pursuing a career in the western hardwood and affiliated industries. The 2018 awards will consist of 2 scholarships for up to $2,500 each. Additional scholarships could be awarded depending on the quality of the submissions. Scholarship awards are in the form of checks made payable to the student.

In addition to the scholarship awards, a list of the scholarship nominees will be distributed to all members of the WHA. These companies will be encouraged to consider these nominees when making their summer and full-time hiring decisions. By submitting an application, you are distributing your academic achievements and career aspirations to more than 200 companies in the western hardwood and related industries. Applicants are encouraged to familiarize themselves with the WHA and learn of the many diverse career opportunities the industry has to offer.

ELIGIBILITY

Student must be:

- a citizen or permanent legal resident of the US, Canada or Mexico.
- enrolled full-time in undergraduate or graduate study for the spring of 2018.
- enrolled in one of the following academic majors:
  - Forestry
  - Renewable Materials
  - Wood Science
  - Natural Resources
  - Business
  - Marketing
  - Environmental Science

Please answer each of the following questions:

Tell us a bit about yourself – what sparked your interest in forestry and the forest industry? And what makes you a good candidate for this scholarship?

Describe some of the ways your field of study can help benefit the wood products industry, specifically the western hardwood industry?
What does the term sustainability mean to you? What role can forestry play in sustainability?

What are your thoughts on the role of fire in managing forests?
