The courses above represent the first part of a four year degree program. Natural Resources students must also complete coursework from seven different "breadth" areas (one course per block) as well as an option within the major. Transfer students should expect to complete upper-division course requirements at OSU. The entire degree can be completed online. In addition to courses that fulfill the Natural Resources major requirements, students should be completing courses to fulfill [OSU's Baccalaureate Core](#) (general education curriculum on page 2). Major requirements that fulfill Baccalaureate Core are marked with an asterisk (*).
