Natural Resources students must also complete coursework from seven different “breadth” areas (one course per block) as well as an option within the major. Students are encouraged to work with an OSU Natural Resources Advisor to plan courses that will transfer efficiently. The entire degree can be completed online. In addition to courses that fulfill the Natural Resources major requirements, students should be completing courses to fulfill [OSU’s Baccalaureate Core](#) (general education curriculum on page 3). Major requirements that fulfill Baccalaureate Core are marked with an asterisk (*).
