<b>Natural Resources Specialty Option</b>
All students must complete an option. Options generally require at least 40 credits (of which, 20+ must be upper-division coursework). Courses from the NR Core and NR Breadth can not be used in the option. Some TVCC coursework may apply to the option – consult an OSU NR Advisor for planning purposes.

*Transfer students should expect to complete upper-division course requirements at OSU. The entire degree can be completed online. In addition to courses that fulfill the Natural Resources major requirements, students should be completing courses to fulfill [OSU's Baccalaureate Core](#) (general education curriculum). Major requirements that fulfill Baccalaureate Core are marked with an asterisk (\*).*

## Sample Four-Year Plan

First Year	<b>TVCC Associate of Science in Natural Resources – Year one</b> <i>Select Distribution Requirements and Electives that align with OSU's Baccalaureate Core and NR major requirements.            Contact an OSU NR Advisor to begin planning transfer courses.</i>			
Second Year	<b>TVCC Associate of Science in Natural Resources – Year Two</b> <i>Select Distribution Requirements and Electives that align with OSU's Baccalaureate Core and NR major requirements.            Apply for transfer admission to OSU at least 3 months prior to starting courses</i>			
Third Year	OSU Bachelor of Science in Natural Resources – Distance Education			
	<b>FALL:</b> Animal ID Core Resource Econ Core Res. Values & Phil. Breadth Option Course	<b>WINTER:</b> Atmospheric Science Core Fish & Wildlife Breadth Social Issues Breadth Option Course	<b>SPRING:</b> Communication Core Forestry Breadth Option Course Option Course	<b>SUMMER:</b>
Fourth Year	OSU Bachelor of Science in Natural Resources – Distance Education

*This is a SAMPLE plan. Individual student's plans will vary based upon course availability, completion of prerequisites, and the specialty option selected.*

*This timeline assumes that:*

- students are taking full-time credit loads (average of 15 credits) each quarter
- students select TVCC courses that are transferrable to OSU and align with degree requirements

*In order to complete the Natural Resources degree in four years, students must work closely with TVCC and OSU Academic Advisors to plan courses efficiently. While it is possible to complete the full program in four years, it is uncommon. Most Distance Education NR students complete the degree in about five years.*
